

We currently reside in the town of Orange and we are opposed to the Proposed S.B. No 457 to join a new regional school district. As you know we are already regionalized with Woodbridge and Bethany for our High School. We moved from Milford to Orange 10 years ago for the school system.

To make changes and redistrict would make Orange a less desirable place and would impact families. Also, the cultural diversity for high school kids moving to an unfamiliar district would just add another layer of stress on kids that is not necessary.

Please find alternative ways for your budgeting.

Michael and Dawn Coppola
