Dear Education Committee,

As a parent of public school students I am writing to you to express my strong opposition of SB 738, SB 457 and SB 874 as well as any other bill that opens the door to forced regionalization of Connecticut Public Schools. We moved to Wilton in December 2008 specifically for the good school district. We are aware of the many awards and top placements that Wilton has received over the years and we are very happy with the education our children are receiving thus far. If any of these bills pass, I am concerned that the quality of education will dramatically decrease in Wilton. As a result this will probably severely impact the quality of town and possibly the state economy, as there will be no "draw" for people to come to Wilton.

I sincerely hope that you will oppose SB 738, SB 457, SB 874 and any other legislation that opens the door to forced regionalization of Connecticut public schools.

Best,
