**New Canaan, CT**

**I recently moved to New Canaan from Westchester County, NY  
(5 months ago).**

**The #1 reason I moved here was to avoid high property taxes accompanied  
by a poorly run educational system.**

**I am vehemently opposed to any legislation that would alter the school  
system in New Canaan. New Canaan, along with Westport and Darien have  
been rated the top three school districts in the state over the past several  
years**

**I do not know why anyone would want to enact legislation to change  
something which is far from needing repair.**

**Thank you.**

**Sincerely**
