

Steven Geogeu

February 22, 2019

Legislators,

This is to advise that the pending legislation know as SB 738, introduced by Sen. Looney, and SB 457, introduced by Sens. Duff and Osten is not beneficial to towns and taxpayers in many communities including Wilton. Therefore, I urge you to vote down these proposals and allow towns to manage their schools and finances in the efficient manner that they have been doing since their founding.

Sincerely,

Steven Georgeou

Wilton, Connecticut
