

Bill 457 and Bill 738

Hello,

I believe these bills would do a lot more harm than good. The regionalization of schools would effect the quality of the education and result in a lot of fighting between towns around funding. I moved to CT in 2018 in chose my town based on the schools. I came from a regionalized district in Massachusetts and I can say the regionalized school put a lot of unfair burden on some of the towns involved. Please do not let these bills move forward.

Sincerely,
Eric Goodman
Suffield, CT
