

February 14, 2019

I am writing you to express that I oppose school regionalization as proposed in SB457 and SB738.

As a Simsbury resident for 40 years and a graduate of Simsbury's school system, I value the education and feeling of community a smaller school provides. My husband and I choose to live and pay taxes in Simsbury to give our son that same opportunity.

If something like these bills pass we will strongly consider moving or sending our son to private school.

Please put it on record that I, Michelle Grady, strongly urge you to strike down this bill and to vote no for school regionalization.

Sincerely,

Michelle Grady
