

Regarding SB 738, SB 457 & SB 874

I am writing in opposition to the above bills.

- 1) Regionalization herds students into a solution of expediency with little regard to the particular needs of individual communities.

- 2) With the problems that the state needs to address regarding its public schools, the last thing in which it needs to involve itself is the homeschooling community. Attention and resources should be focused where needed, and not in the added effort in requiring the registration of homeschoolers, nor in the provision of a DoE curriculum.

Thank you,

Tory Lamore
