

We are writing you to express that we oppose school regionalization as proposed in SB457 and SB738. As a Simsbury resident for 4 years, we value the education and feeling of community a smaller school provides.

My husband and I choose to live and pay taxes in Simsbury to give our daughter that same opportunity.

If something like these bills pass we will strongly consider moving or sending our daughter to private school.

Please put it on record that I, Gissell & Kenny Martinez, strongly urge you to strike down this bill and to vote no for school regionalization.

Sincerely,

Kenny & Gissell Martinez
Simsbury, CT
