

To Whom It May Concern,

As a prospective resident of Wilton, I strongly oppose SB 738, SB 457, and SB 874 and any other bill that opens the door to forced regionalization of Connecticut Public Schools. We had planned to move to Wilton, specifically for the schools, and we would be deterred entirely from moving if these bills pass, as they would dramatically diminish the quality and the character of Wilton's school system and resultantly the town itself.

Please consider my and so many others pleas that you oppose SB 738, SB 457, SB 874 and any other related/similar legislation.

Thank you for your attention and consideration,

Brianna Queiros
Fairfield Resident
