To: The Honorable Douglas McCrory, Co-Chair Education Committee
The Honorable Robert Sanchez, Co-Chair Education Committee
The Honorable Eric Berthel, Ranking Member
The Honorable Kathleen McCarty, Ranking Member and
Distinguished Members of the Education Committee

Senator McCrory, Representative Sanchez, Senator Berthel, Representative McCarty and Distinguished Members of the Education Committee. My name is Azizbek Rasulov and I wish to express my strong opposition to Senate Bills 738, 457, 874 (School Redistricting Bills).

I bought a house and moved to Wilton last week mainly to benefit from high quality schools the town offers. The decision to relocate to Wilton was despite a longer commute to work [New York City] and higher mill rate [compare to neighboring towns] because I know that Wilton offers a good return on my investment: high quality public education. If the decision is made to consolidate the schools in order to save costs, it will accelerate outflow of Connecticut residents further, which will result in lower tax revenue

Sincerely,

Azizbek Rasulov
