

Bill 457 and Bill 738

To Whom It May Concern:

We moved to New Canaan in July of 2018 and the BIGGEST factor in making that decision was for education. We do NOT support the forced regionalization of our schools and we have yet to come across someone in our town, or our neighbors in Westport, Wilton or Darien who do support this.

We will be traveling for work, otherwise we would be in attendance on Friday, March 1st. In our absence, this email should serve to very clearly state that we are OPPOSED to this forced regionalization.

Caley & Mike Sayre
