

Bill 457 and Bill 738

To Whom It May Concern,

There's nothing more important than providing students with a high-quality education that prepares them to succeed in the 21st century. My family and I are against forced regionalization and support incentives for small school districts to build economies of scale. The state of Connecticut should focus on improving the classroom experience of every student, not altering efficient and effective district!

Sincerely,
Carlene Sisbarro
Derby, CT
