

My name is Al Timoteo and I live in the town of Naugatuck, Ct.

I'm against Bill 457 and Bill 738 on rationalization of school districts. This has been tried in other states and it has never worked. The students will be spending less time in the classroom and more time on the buses. This puts the kids in harm's way due to more time on the road and increase chance of accidents. Also more fuel is used and more pollution is spewed into the atmosphere. We can't afford to be throwing money out the window when the state is in debt.

Vote No to Bill 457 and Bill 738.

Thank You,

Al Timoteo
