

Bill 457 and Bill 738

Dear authorities,

I would like to oppose these bills introduced for forced regionalization of combining orange with milford.

Already orange, woodbridge and bethany share a common middle and high. The Amity school system is already established and to dismantle it would prove to be more expensive and confusing than to leave it as is.

It is unfair to send kids who have been working really hard and securing high rating for Amity High to be moved suddenly to lower rated high school and have to start from scratch.

Not to mention the impact this merge has on our property value. Its unfair there too since we pay more to get into this school system.

Name - Praveena VaiyapuriSakthimohan

Town- Orange

Thanks

Praveena
