EDTESTIMONY:

RE: proposed bills # Bill 457 and Bill 738

This is just not the way to fix our broken system - it will make our system and the perception as a state in dire trouble, worse.

We need to be able to attract young buyers to our real estate- which is what keeps our state in forward motion. This will turn people off!! They move to CT for various reasons, but our good schools is one of the biggest draws.

Please do not mess with our most important resource and put the state in worse shape!! Leave our schools alone.

Please come up with *other ways* to save CT not destroy it!!

Very Truly Yours,
A Long time resident of New Canaan CT and Realtor
