

S.B. 738 from Senator Martin Looney, and S.B. 457 from Senators Bob Duff and Cathy Osten.

This is Nicole Amodio from North Branford, CT

Reasons I am concerned for the forced regionalization of CT Public schools.

Less time in the classroom and more time on the bus

Less quality education

Loss of teaching jobs

Wasted taxpayer investments in new and newly renovated schools

Potential new costs to build new schools to meet regional needs.

Dramatic increases in busing expenses for towns and cities

Paying for taxes to live in one town to then share education with another town?
