

Bill # SB 738

My name is Jill Cain resident of Wilton, CT with 3 children in the school system. We moved here to Wilton for the local schools and to raise our children in one of the best school districts in the state therefore I can not say a more astounding NO to this bill #SB 738. My family and I completely reject this bill and would like to go on the record as such during the public hearing.

Please don't ruin our town and children's education. We will have to move as we won't subject our children to this type of education senator Loony is proposing. Not now not ever! Hands off our schools!!

Thank you.
Jill Cain
Wilton, CT
