

Dear Legislative Committee considering this bill:

My name is Christina Fagerstal and I am writing to let you know that my family and I are very opposed to SB - 738, the School Regionalization bill. There should be no bill in the State legislature that in any way threatens the high quality education that we have in a community like mine, New Canaan, CT. The majority of our town's residents are very opposed to this bill because they believe eventually power will be taken away from local municipal government in the name of regionalization, I urge you to table this issue and to instead look for cost savings elsewhere in the budget.

Sincerely,

Christina Fagerstal
