

Dear Legislators,

This is Yisong Geng, a resident of Wilton. I am opposed to SB 454/738 and SB 431.

I have two daughters: 9 and 4 year old. Both of them are in Wilton public schools. They love the schools and we are proud of Wilton Public School District. I do not see any urgent need for our school district to merge with anyone else. Wilton is not a small school district--we have thousands of students. I do not think the bills will solve any problem for Wilton.

Merging with Norwalk school district will be catastrophic for Wilton. We bought the house 5 years ago. The home price is already down by 10% because of weak economy. If Wilton school district is merged with Norwalk, the home price will drop another 10-20%, which means our home equity will be wiped out. As a home owner, you know it is a financial disaster.

I strongly urge you to void the 3 bills.

Best regards,

Yisong Geng  
Resident of Wilton
