

From Barb Hazelton, Resident of Darien

Title: I am Opposed to Forced Regionalization-- Bills: SB 457, SB 738, and SB 874

As a Darien Resident and former President of the Darien Board of Realtors I am vehemently opposed to this forced regionalization. Darien has always been fiscally responsible and has taken little if any subsidization from the State. To do this regionalization is to punish towns who have been self-sufficient and successful. Let Darien make our own decisions about how we allocate resources both within the educational system and beyond.
