

To Whom It May Concern:

I am writing to state my strong opposition to the Senate Bill 738 and Governors SB 874. The towns of Old Lyme and Lyme have a long history of sharing school and community programs. They currently share a high school. Your map, published in the paper an online, separates these two communities and destroys a wonderful system. While I understand the need for larger districts, this particular change seems random and poorly thought out. I strongly object to this seemingly random separation of two communities which have shared schools, after school programs, and other community organizations for years and years.

Sincerely,

Emily Hildner

Lyme CT
