

Subject: Opposition to SB738, SB457, SB874

From: Dongmei Hu, Town of Wilton

Dear Committee:

My family is one of many in our small community which is strongly against the proposal for school regionalization.

We moved to Wilton after incurring a great deal of expense for the sake of a better school for our children. We pay higher property taxes but do so willingly since it goes to paying for a better education for our children.

We as a community implore you not to pass this proposal.

Thank you for your consideration,
Dongmei Hu
