

3/12/2019

I am writing to express my opposition to SB 738 which is the bill to force the regionalization of our schools in Connecticut.

As a parent of 4 children who are all currently attending public school in Waterford I am fully against this plan. Waterford currently has very good schools and we have been very pleased with the high quality of education, small class size, and our overall experience. Regionalizing the schools will negatively impact the education my children are receiving in Waterford.

I do not see any good reason for this bill that has been proposed. It is not going to help the financial situation in Hartford. Shifting money isn't going to increase money. In fact this proposition would only require us to hire more people to oversee it therefore costing more money.

I hope I can count on you to oppose SB 738 and any other effort to force consolidation of Connecticut public schools.
