

As Wilton residents, we **viahamently oppose** the SB 738, SB 457, and SB 874 regarding school regionalization.

Six years ago we chose to live in Wilton and raise our 3 children here **because of the school system**. If these bills pass there is no longer a reason to live in this high priced/ high taxed area.

We, along with many other tax paying citizens I assure you, will depart the state of CT faster than u can imagine. We will seek to live in other towns, in other areas, who respect and value their educational system enough to keep them **locally run**. These bills need to go away **now**. Or your tax paying, law abiding residents will.
