

To whom it may concern:

I am writing in strong opposition to the SB 738 and SB 457 proposals which will reorganize and combine the Wilton and Norwalk school districts.

After struggling for years with infertility, we finally had our son a year ago. We bought our home in Wilton *specifically* because of the school district. Schools in Norwalk are ranked 3 or 4 out of 10 whereas Wilton schools are ranked 9 out of 10 - a HUGE difference.

We STRUGGLE to pay our bills in Wilton, but we struggle for our child. We cannot afford private school and we will not let our son's education suffer. You are doing a disservice to the residents of Wilton in attempting to combine with an inadequate and failing school system in Norwalk.

I strongly urge you to dismiss this proposal.
