

2/27/19

Dear Senators and Representatives,

My family has a child in the Weston School District and we strongly oppose the bills currently under consideration: SB 454/738 and SB 431. We moved to Weston from New York for the schools and if these bills are enacted we will move out of state in a heartbeat.

I grew up and attended school in IL so I have experience with poorly run schools and inferior educators.

Weston has worked hard and sacrificed much for our schools, don't ruin them and worst of all, do so while increasing costs.

Thanks,

Pam Franco & Joe Mancinelli
