RE: Senate Bill No. 457 & Senate Bill No. 738

This is in response to Senate Bill No. 457 and Senate Bill No. 738. We live in Trumbull, CT and the absurdity of having our schools regionalize with other towns is the most ludicrous, absurd, denigrating idea I have ever heard of. Do the Democrats have that much time but to come up with these absurd ideas? I think, as well as many others, that is a total, total disgrace as well as all our taxpayers in the towns we live in. We pay enough taxes for our schools not to be regionalized with towns that pay less and do not have the funds for better schools. Our schools have spent a lot of money to be where we are now. Let the Democrats do what they are supposed to instead of ruining our school system and many other ideas like putting tolls on major highways to create more chaos. Soon our children will not go to school, they will be home tutored. The next referendum is to go to the Supreme Court and you will see that is not the proper thing for our children. Thank You.
