

All politicians,

I have been made aware of the "Connecticut Democrats" that will force school districts to consolidate.

I adamantly OPPOSE this. I pay my taxes in MY town to have the children in MY town to go to a school close to their home so that they don't have to spend half their time on a bus. This goes against the whole core of family time. It is bad enough that the parents have to drive an hour to work to find jobs or take on two or three just to pay the taxes and TRY and keep their head above water. Now any chance for family time will take away from them.

The towns have been managing their schools for all these years we don't need BIG government coming in to fix a problem that they have created.

By created why don't you work on making Connecticut a better place to work and live. Get business to come and stay. That is your job!
Manage the State of Connecticut better and maybe we won't have all the issues and TAXES we have.

LEAVE OUR SCHOOLS ALONE!
