

I STRONGLY OPPOSE BILLS TO FORCE SCHOOL DISTRICTS TO REGIONALIZE!!!!

Please do not vote for these bills. These bills attack Wilton's greatest asset. It is the primary reason people buy in Wilton, myself included. Families will flee the state. Potential home buyers, will not even bother coming to take a look. Small towns have spent years and years and dollars galore to perfect our system. The price of our homes have been inflated by such a demand for our schools.

Of the top 20 public schools in CT, 11 are in Fairfield County. Our #5 school is ranked 332 nationally and our #10 school is ranked 439 (US News and World Report). This is incomparable to those schools in the country that have regionalized and have been negatively impacted by their regionalization.

Please, please oppose SB 738, SB 457, SB 874 and 7150
