Re: 457 and Bill 738

Dear Sir or Madam,

I am writing to express my concern about and opposition to the proposed legislation requiring the regionalization of school districts in CT. Larger school districts, notably the New Canaan school district which has over 4000 students, should remain independent and focused solely on the needs of students and families within their boundaries, irrespective of the total population of the town.

Thank you for your consideration.

Sincerely,
Guy Prochilo
New Canaan, CT
