

The idea of regionalization of schools is a complete travesty. Stop now please! You will crucify every Wilton homeowner who moved here for better schools and undertook the economic hardship on their own to do that. I've paid way over \$2 million more over the last 20 years to be in Wilton and not Norwalk. I did so because the Norwalk school system is one of the worst in the state and wanted my children to have a better education and better future. I worked harder and longer hours to make that happen. Do you know what this would do to my home's value? Your socialist doctrine has really gone too far. Why don't you just donate your salaries to Norwalk as you'll be voted out. This is completely out of line. Please let me know if you would like to discuss it.
