Bill 457 and Bill 738 - Warren, CT 06754

This effort is a joke!!!

Kids in my town already travel on buses for most of an hour to get to our regional school which has under 1000 students in it for grades 7-12.

This would be one more nail in the coffin for Connecticut. It would immediately kill my town.

So the CT tax base would continue dwindling.

Please stop this nonsense!

Please start thinking of ways to help our state, rather than just raise taxes and hurt businesses. That hurts all of us.

Daryl Squires

Warren, CT 06754
