Wilton, CT

Dear Legislators,

As Wilton residents, US citizens and parents of public school students, We strongly oppose SB 738, SB 457, and SB 874 and any other bill that opens the door to forced regionalization of Connecticut Public Schools.

We have been a part of great Wilton community since 2007. One of the primary reasons we moved to Wilton, was the school systems. We strongly believe that the quality of our school systems weakens through the forced regionalization of CT public schools. Why break a system if it is already working perfectly. Wilton Schools system has been working great and has provided top level education to Wilton students. We have a daughter in High School and a son in Middle school. Changing the system at this time, that has worked for so long, jeopardizes with our children's education adversely. Their education path will be negatively affected and we may not have enough time to rectify it. It has been evident that potential buyer thinking of moving to Connecticut, especially Wilton, are reconsidering their decision because of the proposed regionalization. These bills have already started affecting us adversely.

Again, We strongly oppose SB 738, SB 457, and SB 874

Warm regards,

Tanu Suneja and Balraj Suneja

Wilton, CT
