Wilton, CT

As a resident of Wilton, I am extremely concerned for my property value. I pay high taxes to live in my town. If you redistrict, I will be forced to move.

I pay to live in Wilton. I take on great stress to afford my property.

I am fully informed on what redistricting means. It is not limited to administrative.

Don't pander that tag line to me.

Democrats have destroyed Connecticut.

The leadership of this state failed its people.

If you redistrict, I will move to North Carolina like everyone else who's left CT.
