

Bills - SB 738 SB 457 and SB 874

My name is Lisa Wu and we are new residents of New Canaan. We purchased our home last year based on the school for our children. We are against regionalization. By cutting down the number of school, increasing students and having less teachers will affect my children's learning. We worked hard so we can provide a good future for our kids future. Each town should be allowed to make their own educational decision.

Please focus your time on how to bring businesses back to CT and help small business owners do better.
