I am writing to express my strong OPPOSITION to Senate Bill 874 which has been drafted by the Governor's Office. Lyme/Old Lyme has already regionalized and is well regarded as a small, top notch school district. Formation of a committee to hastily regionalize schools in two years would threaten this already well-run system. And larger regions will ultimately NOT benefit families in Lyme or Old Lyme. I am a life-long Democrat and never thought I would be on the same side as Connecticut Republicans, but on this issue I am.
