Attention Committee Members,

I am opposed to the below mentioned proposals

Senate Bill 457 AN ACT CONCERNING THE SIZE OF SCHOOL DISTRICTS- Requires any school district with a student population of fewer than two thousand students to join a new or an existing regional school district until that district equals two thousand or more.

Senate Bill 738 AN ACT CONCERNING THE CREATION OF REGIONAL SCHOOL DISTRICTS- Requires towns to join state-created regional school districts similar in size to the state's Probate Districts.

Governor's Bill SB 874 AN ACT CONCERNING EDUCATION INITIATIVES AND SERVICES IN CONNECTICUT

The above proposals to regionalize school districts will have a significant negative impact on the Lyme-Old Lyme Schools. Besides the fact that the proposals suggest splitting our outstanding district in two, the idea that it will somehow save money has no merit. Other states that function with large county school systems, such as is proposed, end up with enormous districts that actually cost the taxpayer more money due to the sheer size of the organizations and the numerous layers of bureaucracy that are required to run them. Of greatest concern is the idea that we will lose our small local schools which are vitally important to the success of our students. Students could be forced to endure lengthy bus rides, attend massive schools where they lose personal connection with their teachers, and our communities will no longer have the ability to manage the education of our children. Districts across the state, ours included, already engage in regional services that save money. To force this upon our schools based on arbitrary enrollment and population numbers is foolish and short-sighted. We are not opposed to the idea of regionalizing services, and in fact do so in many areas, but are opposed to the idea of the state mandating this with no data to support their actions. Many of our residents have chosen to move to our towns because of their small size. The Governor's proposal stands in contrast to the desire of those residents to live in a community that has that "small-town America" feel. The idea of local control is a concept that is rooted in our New England heritage. I chose to move back to CT to raise my kids in the school district of Lyme, Old Lyme because of the class size and attention that the students receive in these schools. We just purchased a home and pay our taxes to keep our kids in the schools we chose.
