As a resident of Lyme, CT, I am vehemently opposed to the proposed Senate Bills 457, 738, & 874. I along with other residents of Lyme & Old Lyme chose to reside here due to the great education our children receive under District 18. If these bills were passed I would plan on relocating out of state and find better schooling for my children. Please don't use this ridiculous measure to shore up our State's budgetary shortfalls.

Respectfully,

Todd Burgess
