To Whom It May Concern,

As a parent of public school students, I **strongly oppose** SB 738, SB 457, and SB 874 and any other bill that opens the door to forced regionalization of Connecticut Public Schools.

The ultimate goal of public schools should be providing high quality education to kids. And that's why we moved to Wilton four years ago. We moved here for the school and the high quality of Wilton Public School keeps us here. None of these bills include even one mention of improving school quality. Or, worse. The large size of the forced regionalization would for sure erode our school quality.

I hope you will oppose SB 738, SB 457, SB 874, and any other legislation that opens the door to forced regionalization of Connecticut public schools.

Best Regards,

Jie Cheng
