

To whom it may concern:

I am writing to oppose SB 874, HB7150, SB457 and SB 738.

Local schools should be managed by local communities. central management of a large school district is a proven receipt of failing schools.

State has no right to force regionalization of local schools Decision of regionalization shall be made by local residents State shall provide incentive. Legislative body should cut back well-intended but mis-guided state mandates (often unfunded)

The extra mandated on homeschool families are completely unreasonable.

The proposed education budget punishes well-managed efficient small towns to compensate for inefficiency and bureaucracy of big cities.

Please stop all the four bills within the committee.
