To the Connecticut Legislators

I am a resident of Granby and am strongly opposed to these bill which will regionalize our schools. Our children deserve better than this, moving the control of our schools out of our local control and giving this control to regional and state bureaucrats is a big mistake. We as parents need to have our influence at our local (town) department of education. I have no problem if our town decides to work with another town to improve our education system, however I am strongly opposed to having state bureaucrats make those decisions. Education should be as local as possible.

Sincerely,

Matt Dooley
