

Dear Legislative Committee considering this bill:

My name is Christina Fagerstal and I am writing to let you know that my family and I are very opposed to SB-874, the School Regionalization bill put forth by Governor Lamont. There should be no bill in the State legislature that in any way threatens the high quality education that we have in a community like mine, New Canaan, CT. The majority of our town's residents are very opposed to this bill because they believe eventually decision-making will be taken away from local municipal governments in the name of regionalization, I urge you to table this issue and to instead look for cost savings elsewhere in the budget. Not enough time has been spent explaining this bill to the public, and it is causing panic here in Fairfield County. Save it for next year when you have better educated the people of CT please.

Sincerely,

Christina Fagerstal
