

Hello,

I am writing this today to express my concern and opposition to senate bill 457, senate bill 738 and governors bill SB 874. I was born and raised in our small town and chose to move back here to raise my family. The main reason for this is the size of our school district and how beneficial it was to me growing up. I would be devastated to if these bills passed and my son was forced to be educated in a large school setting. We pay very high taxes in this state and I truly feel like the mandated regionalization of schools would be the driving factor of families relocating outside of CT.

Thank you for taking the time to read what I have to say. I know my sentiments are the sentiments of many other families in Old Lyme.

Missy Garvin
