

SB 874 - Education Committee:

I'm Michelle Guibert and I oppose SB 874, Sections 17 and 18.

SB 874, Sections 17 and 18 are an unnecessary intrusion into family privacy and negate parental choice for education.

Regulation is unnecessary and counter-productive.

Existing law recognizes the parents as having the right to the training and upbringing of their children. Other laws address any concerns that might exist.

One study shows no significant impact when regulations are increased.

Please remove Sections 17 and 18 from SB 874.

Sincerely,  
Michelle Guibert, New Hartford, CT
