

My name is Andrew Izzo from New Milford. I oppose these bills. No town should be forced to merge resources with other towns. If they willingly decide it is another story. A town should not be forced to help another town that does not know how to manage their own finances. That is up to the voters to vote the incompetent politicians out and replace them with someone who knows what they are doing. It is not up to other towns to help manage politicians with bad tax and spend policies. We used to call that personal responsibility. Thank you for your time.
