STOP REGIONALIZATION

"I am writing to express my strong opposition to Senator Looney's, Senator Duff's and Governor Lamont's proposed bills SB 738, SB 457 and SB 874 which would force, incentivize or study the regionalization of Connecticut public schools.

As a parent of public school students in Ridgefield Connecticut, I am disappointed with these bills. Whittling away quality education in CT, especially at a time, when we should be attracting national companies and young people, will most certainly signal more people and big taxpayers to leave the state.

I implore you to oppose SB 738, SB 457 and SB 874 or any other efforts to consolidate Connecticut public schools."

Thanks for your time and efforts,

Kerry Knop
Ridgefield, CT
