

Please vote No on SB 874 Section 17, Section 18

Hello,

We are Chuck and Nancy Morganweck and we oppose mandatory registration of homeschoolers or Bill SB 874, Section 17, Section 18

SB 874, Sect. 17, Sect. 18 is an unnecessary intrusion into family privacy.

Regulation is unnecessary and counter-productive.

Existing law recognizes the parents as having the right to the training and upbringing of their children. Other laws address any concerns that might exist.

One study shows no significant impact when regulations are increased. Another state's audit showed a negative impact of regulation of keeping children safe.

SB 874, Sect. 17, Sect. 18, which is geared to keeping children safe, is ineffective to keep children safe and will instead expose more children to the danger of parental alienation.

We are asking you to vote NO on SB 874, Sect. 17, Sect. 18.  
Thank you-

Respectfully Submitted,

Chuck and Nancy Morganweck
