

Testimony regarding SB874

My name is Olivia Pasquale and I am in the 7<sup>th</sup> grade. Homeschooling is a way that many children receive their early education. It allows a child's parents and children to concentrate on the children's personal needs of the child. Many homeschooled children use workbooks or take classes online. Homeschooling is a Constitutional right and should be respected and protected by all politicians.

Thank you

Olivia Pasquale-Watertown
