AN ACT CONCERNING TRANSITIONAL SERVICES FOR CHILDREN WITH AUTISM SPECTRUM DISORDER.

OFA Fiscal Note

State Impact: None

Municipal Impact: None

Explanation

The bill makes changes to individual education programs for certain children diagnosed with autism spectrum disorder, which is not anticipated to result in a fiscal impact to the State Department of Education or local and regional boards of education, as these children are receiving an individual education program under current law. The bill has no fiscal impact to the Department of Rehabilitation Services (DORS) as it specifies that DORS does not have to lower, from 16 to 14, the age of transitional services for a child with disabilities.
