<th>FY 21 $</th>
</tr>
</thead>
<tbody>
<tr>
<td>Various Local and Regional School Districts Receiving Priority School District funding</td>
<td>Potential Revenue Loss/Gain</td>
<td>See Below</td>
<td>See Below</td>
</tr>
</tbody>
</table>

**Explanation**

The bill could result in a revenue loss to various priority school districts that do not show performance index improvement by FY 22. For FY 20 and FY 21, districts not showing improvement will be required to spend priority district funding on intensive reading instruction and supports for chronically absent students. The loss of priority district funding will be redistributed, beginning in FY 21, to districts showing improvement, and could result in a potential revenue gain to such districts.

Additionally, the bill could result in a redistribution of 1) Priority District, 2) Alliance District, and 3) Commissioner’s Network funds within a district, as the bill specifies how certain funds must be spent if a district is not showing measurable improvement.

**The Out Years**

The annualized ongoing fiscal impact identified above would continue into the future subject a district’s performance index score.
